

REPORT ON HOSPITAL VISIT

Title of the Training: Hospital Visit

Date & Venue: On Duration of 28st March 2022 to 4th April 2022 in Haria L. G. Rotary Hospital, Vapi

Summary Report:

The college arranged a hospital visit to Haria hospital between of 28st March 2022 to 4th April 2022. The visit was arranged for the M. Pharm (Pharmacology) students and B.Pharm 6th Semester students. Faculty of Pharmacology department Dr Ankit Merai accompanied the students.

Haria L. G. Rotary hospital is managed by the Rotary Charitable Trust Vapi. Haria Hospital provide a modern health care facility to the people of Vapi. The Hospital has various departments as a part of modernization like CT scan- MRI centers, ICU, NICU, PICU, Dialysis center, Blood Component Separation Unit, Infertility Center, Pathology Lab and In-house Pharmacy etc.

Because of the COVID situation Hospital management and the director of medical services Dr S S Singh permitted 12 students at a time and hence the visit was spread to one week. At the time of the hospital visit, students were introduced to many departments but with more emphasis on the pharmacy department and pathology laboratory. The Head of the pathology lab Dr Avani and her assistant Dr Hiren explained the pathology lab process. They explained the pre-analysis, analysis and post-analysis events for the sample along with that they demonstrated working of various instruments used in the lab. In Pharmacy Department Pharmacist- Ms Priyanka and Ms Aditi explained proceeding of procurement, storage and dispensing of medicine. Prescription management and audit were also explain by them.
