Summary Report:

ROFEL Shri G. M. Bilakhia College of Pharmacy has organised 1st Batch of short term certificate course under Gujarat Technological University Centre for Continuing Education (GTU-CCE) platform on “Pharmaceutical Quality Management System” based on the current needs of pharmaceutical companies. The course was held on every Saturday and Sundays of April and May month. Total 40 candidates had enrolled that included students of B.Pharm, M.Pharm and faculties from various pharmacy colleges and employees working in QA/QC department. The Expert speakers and resource persons from various industries and academicians have given training on how to manage the whole system for manufacturing of quality products. The aim of course was to provide practical training of concepts of Quality Management by industrial persons from USV Ltd, S. Kant Health care, Intas Pharma and Rossari Biotech. The topics discussed like Quality Audit, Quality testing tools and techniques for root cause analysis, Total Quality Management, Out of Specification (OOS), Out of Trend (OOT), Corrective and Preventive Actions (CAPA). The certificate has been provided by GTU which has equivalent credit to other GTU Certificates. The Course had opened up opportunities for placements and increased skills to work efficiently in pharmaceutical companies.
