VAPI-396191

INTRODUCTION

NATIONAL SERVICE SCHEME popularly known as **NSS** was launched in Gandhi's Birth Centenary Year 1969, under the Ministry of Youth Affairs & Sports Govt. of India with primary focus on the development of personality of students through community service and promotion of National solidarity.

NSS works on the premise that it is possible to awaken the villagers and slum dwellers to their responsibilities and develop in them the confidence, to tackle their common problems with energy, enthusiasm and in a co-operative spirit, based on mutual aid and self-reliance. The role of students is limited as activists, enablers, catalytic agents with wider communities and as programme aids.

Symbol of N.S.S (National Service Scheme)

The symbol for the NSS has been based on the giant Rath Wheel of the world-famous Konark Sun Temple (The Black Pagoda) situated in Odisha, India. The wheel portrays the cycle of creation, preservation and release. It signifies the movement in life across time and space, the symbol thus stands for continuity as well as change and implies the continuous striving of NSS for social change. The eight bars in the wheel represents 24 hours of a day. The red colour indicates that the volunteer is full of young blood that is lively, active, energetic and full of high spirit. The navy blue colour indicates the cosmos of which the NSS is tiny part, ready to contribute its share for the welfare of the mankind. It stands for continuity as well as change and implies the continuous striving of NSS.

❖ The main objectives of National Service Scheme (NSS) are:

- Understand the community in which they work.
- Understand themselves in relation to their community.
- Identify the needs and problems of the community and involve them in problem-solving.
- Develop among themselves a sense of social and civic responsibility.
- Utilize their knowledge in finding practical solutions to individual and community problems.

- Develop competence required for group-living and sharing of responsibilities.
- Gain skills in mobilizing community participation.
- Acquire leadership qualities and democratic attitudes.
- Develop capacity to meet emergencies and natural disasters and Practice national integration and social harmony.
