## GUEST LECTURE

Dr. Merin Sara Philip has been a licensure exam guide since 2018 and has worked for various agencies. In her sessions, she explained the importance of different examinations, qualifications, and eligibility criteria for each examination. She discussed in detail about IELTS, TOFEL, PEBC, PTE, OET, and CELPIP examinations and how to prepare for them in advance. She also provides guidance and evidence of English language skills for such competitive examinations. She emphasized to development of quality of learning, the strategy to gather information from various sources like reference books, and the importance of time management in examinations. She explained some model paper examples for better understanding. She explained in detail the examination pattern and procedure for pharmacists in Australia, Canada, and United States. She explained in brief about registration examinations like PEBC with step-by-step guidance. She explained the documents required for the evaluation, evaluation exam, and jurisprudence examination for the registration process. The session was followed by questions and answers where students interacted curiously and learn more about the UK examinations procedure too.
